

TAT SENG PACKAGING GROUP LTD

(Company No. 197702806M)
(Incorporated in the Republic of Singapore)

STATEMENT BY TAT SENG PACKAGING GROUP LTD (THE “COMPANY”)

The Company refers to its previous announcement dated 20 March 2018 (SGX Announcement Reference SG180320OTHRRL0S).

In relation to recent media reports of a fine of \$14,100 imposed on the Company by Public Utilities Board (“PUB”) in connection with the discharge of industrial used water, we deeply regret the unfortunate incidents in June 2016, December 2017 and March 2018 where previous industrial used water treatment procedures did not meet PUB’s standards. We view the matter seriously and wish to highlight that the Company has taken steps to rectify the issue, further strengthen ongoing efforts and comply with environmental regulations. We continue to do so proactively.

The Company has installed an advanced industrial used water treatment equipment which has been fully operational since April 2018. In addition, further measures have also been implemented in order to comply with the regulatory requirement.

The Company continues to work together with the relevant authorities and our business partners to comply with environmental regulations as we strive to uphold our commitment to responsible operations.

By Order of the Board

Loh See Moon
Managing Director/Chief Executive Officer
